

Dear Vicki and Jim,

I have been studying my Swedish lesson but decided to stop and write to you. I had a busy week the last week or two. Mary and Mike were here and they moved into their apt. last Wednesday and then Saturday they rented a big truck and moved all the rest of their belongings over there. Mary and I took lots of things over in the station wagon so she had her kitchen pretty much settled before they started sleeping there. They left here Wednesday and then Carson Pete Rogers from Minneapolis showed up Thursday. He had been in Aspen but hurt his leg again the first day. He then drove to San Francisco and picked up a friend there who is also from Minneapolis and the two of them were driving back to Minneapolis together so stopped by to see us. They stayed until Saturday and they were wonderful company and we thoroughly enjoyed them. Peter's travelling companion by

---

The way was a girl. She is a model in San Francisco and is 5 ft. 8 and Pete is 5'4". I hadn't seen Pete since he was fifteen years old. The girls home was Karen and both of them were just wonderful. Mary and Mike went out with them one night. Pete had a date with an airline stewardess and she was over here too and they all went out and took in the different places in Seattle like the Blue Bojzo.

Mary and Mike plan to take a few days off the first part of next week. They plan to stop and see you. Mary will let you know more about it.

Mike won the presidency for the young Democrats so he is busy. It is a non-paying job but he is still working for Perkins. Mary plans to go to work soon.

Next Saturday the 14th I will be going to Portland to the bridge tournament. I will come home on Wednesday.

Gail and Uncle Cully were to be back in San Francisco today.

---

think Cully will get back to Seattle tonight.

I am going to take care of Jounies baby Thursday. Ruthie and Jack think they have found a house they like in Everett.

Mikey is feeling good and his hair is growing back.

I hope we will see you soon. I have a good chicken recipe with wild rice that I will fix for you.

The Moorheads were over last night for bridge and that's what I had for dinner. Ruth Moorhead brought over some pretty pillowcases for you which she embroidered. They aren't cropped for mailing so I will give them to you when you come home.

Pete and Karen just left yesterday and I really miss them.

Are you still going on your skiing trip? I hope you can as it would be late of year.

More later.

Love,

Mom.
